

BOARD OPENINGS

The Yerba Buena Gardens Conservancy Board is comprised of 15 seats. Seven of the members are from the City and County of San Francisco, and eight from the community with clear designation of agencies or entities they can represent.

As of 01 July 2025, there will be two community seat openings. One is for a person from the community **who lives in housing in the South of Market designated area.** The second is for a community representative from any of **Education and Neighborhood Events and Activities.** This second opening is for individuals who represent an educational institution, or a museum, or is currently engaged in any format of the arts.

The first step in the process is to **please reach out to Executive Director, Seve Ghose at sghose@ybgardens.org or at 503-830-2572** with your questions, and to better gauge compatibility and level of interest.

From that will result in a meeting with the Nominating Committee Chair, Board Chair, and Nominating Committee Members. **The goal is to have both the seats filled by the 11 June 2025 Board Meeting.**

The Conservancy is a new 501 c 3 engaged in community building, in the two main blocks from Market to Folsom Streets and surrounded by 3rd and 4th Streets. We manage the assets on behalf of the City and County of San Francisco in partnership with several entities on our campus, who work together to provide a level of service and programming, activating spaces, for millions of visitors annually.

Thank you in advance for your time and interest in serving on our Board. For additional information on the Conservancy please search out www.yerbabuenagardens.org
